

Partial 2019 Interim Inflation Indices Update – Available Now!

It's a new calendar year, and we all know what that means: inflation/escalation indices for FY 2019 are starting to arrive! Not all services have released their tables yet, but we know many of you are eager to include the latest information as you use ACE's built-in inflation feature. So in the interim we have a Custom Inflation Table available for you to download that includes updated indices from the:

- Army
- Navy
- US Marine Corps
- NASA

To access the Custom table, please log in to ACEIT.com and navigate to User Resources > Downloads > Inflation Indices > 2019 Interim Custom Inflation Indices (partial). You can also follow this link, although you must already be logged into ACEIT.com for it to work: <https://www.aceit.com/user-resources/downloads/inflation-indices> There you will find the .zip file for download as well as detailed instructions for installing and using the Custom Table.

If you have any questions or issues installing the table, please contact ACEIT Support at ACEIT_Support@Tecolote.com or call (805) 964-6963.

Meet the ACEIT Team
Nick DeTore, ACEIT Support East

Hello ACEIT Community! My name is Nick and I'd like to introduce myself as one of the members of the ACEIT team. I started working with Tecolote ten short years ago, nine of which were spent in sunny Santa Barbara, CA, right after I graduated UCSB. I have since moved to Washington, D.C. where I continue to enjoy working with the Software Products and Services Team. I miss my home town in the Bay Area, CA, but the East Coast is treating me well.

Tecolote plucked me up right after college while many of my peers reluctantly moved back home after graduation. Tecolote has leveraged my background in mathematics and statistics to teach ACEIT classes, design the technical aspects of the software, and research new ways to help you, the ACEIT Community, be more effective analysts.

Nick DeTore, ACEIT Support East

I am a proud member of ICEAA and lucky winner of a few best paper awards. I teach ACEIT classes throughout the year so we may have met, and if not yet, maybe one day soon. I am also one of the team members that get the emails sent to ACEIT_Support@Tecolote.com. I look forward to helping you out in any way that I can.
