ACEIT Training Customized to your Specific Needs

ACEIT Tutoring & Customized Support

www.aceit.com

ACEIT Tutoring & Customized Support provides a one-on-one training environment on ACEIT features/techniques to directly solve your specific problems. Through this offering we can provide hands-on training to first-time users in implementing an ACE cost model; help convert Excel (or other) models to ACE; provide guidance on cost model enhancement; and provide advanced training on key tools and concepts like JACS, CO$TAT, and model automation using functions.

Typical Areas of Focus

- Getting Started with ACE
- Getting Started with CO$TAT
- Getting Started with JACS
- Getting Started with POST
- Reviewing an existing ACE session for best practices
- Converting an Excel model to ACE
- Guidance designing a new ACE model
- Automating a model with ACE Functions
- Applying uncertainty to a model
- Building Reports and Charts in ACE or POST
- Students Choice – ask your instructor about any ACEIT topic
