

Automated Cost Estimating Integrated Tools

ACEIT Services

Automating the Estimating Environment

We understand that successful implementation of a software application sometimes requires additional support beyond basic product training. To support our customers with these critical needs we offer a robust and comprehensive list of professional services that are staffed by highly qualified individuals with a wide-range of experience in program management, cost analysis, ACEIT implementation and software programming.

Our portfolio is segmented into four major categories:

Guidance Services (Product Implementation)

- ♠ Cost Model Architecture / Layout
- ♦ ACDB Database Structure / Design
- ♣ Shared CER Library Implementation
- ♥ Cost Model Automation
- ♠ API Usage Support

Review Services (Product Assurance)

- ♠ Cost Model Structure Review
- ♦ ACDB Database Review
- ♣ Version Upgrade Testing
- ♥ Report (ACE and POST) Review

Development Services

- ♠ API Integration
- ♦ Plug-In Development
- ♣ Custom Applications/Utilities
- ♥ Web Services
- ♠ ACDB Databases
- ♦ ACE Cost Model Development (U.S. Gov't Agencies Only)
- ♣ CER Development (U.S. Gov't Agencies Only)

Education Services

- ♠ Open Training
(Standard Course Material on ACEIT Products)
- ♦ On-Site Training
(Standard and Tailored ACEIT Product Courses)
- ♣ Mechanics Training
(User-Specific Training Based on Individual Needs)
- ♥ Workshops and Seminars
(Focused Training on Specific Topics)

If you would like more information regarding our services please contact ACEIT Services at aceit_sales@tecolote.com or 281-333-0240.

ACEIT Applications

Availability

ACEIT is a U.S. Government funded product available through Tecolote Research, Inc.

Licensing

The ACEIT Government Program Office has tasked Tecolote Research to recoup a fair share of the ACEIT distribution, maintenance and support (DMS) costs from each U.S. Government ACEIT site. An annual DMS fee entitles U.S. Government organizations and their support contractors to ACEIT distribution and technical support. All other agencies and companies have to purchase an ACEIT software license.

Automated Cost Estimator (ACE) is the estimating portion and heart of the ACEIT application suite; it is a model-building tool.

Cost and Statistical Analysis Tool (CO\$TAT) is a statistics package that has been designed for the cost/price analyst containing key features found in most major statistical applications.

Program Office Support Tool (POST) allows for quick reporting, charting and what-if drills in Excel.

ACEIT Librarian is a powerful tool enabling any office to automatically build and maintain methodology libraries and custom inflation tables. These libraries can then be accessed by other ACEIT applications.
