ACEIT Advanced Model Builder Class

Do you want to enhance your cost estimating models with more advanced features of the ACEIT suite? The ACEIT Advanced Model Builders class will take your ACEIT skills to the next level. Student receive hands-on experience in ACE and learn how the other tools in the suite support estimate construction and reporting. Students take full advantage of the suite, starting with the model from the ACEIT for Model Builders class and adding advanced functions, data tables, User Defined Functions, and more, in order to create a fully functional, comprehensive, robust cost model.

Want to learn more advanced functions?

- Incorporate duration
- Use Advanced ACE functions
- Time phase your estimate
- Incorporate sunk costs
- Calculate monthly
- Develop and work with CERs
- Model uncertainty on your point estimate

The next Advanced Model Builders course is scheduled for **March 17-20, 2020** in Washington DC. **Register Today!**
