ACEIT eNews

With the new year, comes a new look for the ACEIT eNews! We are delivering your trusted ACEIT updates with a slightly different format, and we are happy to have you join us.

Notes from the Support Desk

Recently we've received questions about **password protecting** ACE files, and specifically why known correct passwords are not unlocking their files. We understand that this could be a frustrating experience (especially during review season), *but we have a fix!*

There was an issue with password protected files on machines where FIPS was enabled, but it has been addressed in all versions of ACEIT 8.0 SP2. Users can download the most up-to-date ACEIT 8.0 SP2-003 directly from ACEIT.com > User Resources > Downloads > Production Software. If a software upgrade isn't immediately possible, try to disable FIPS.

Contact ACEIT_Support@Tecolote.com if you have questions or if you found this note useful.

Understanding RI$K Allocation at the Mean

Last month we released the "**RI$K Allocation: Why and How**" Online Help article, where we explained the benefits of using ACE's RI$K Allocation algorithm to develop budget-friendly estimates that take uncertainty into account.

This month, we continue in that vein to further explain a subset of allocation: RI$K Allocation at the Mean. Learn how ACE calculates RI$K Mean values, what is and is not allocated, and the options that control these results.

To view more, log into ACEIT.com and visit User Resources > Online Help. You need to have an active ACEIT DMS to access this section. You're also welcome to email ACEIT Support with any comments, feedback, or ideas you have for future articles!

ACEIT Training

Policy Change: Effective March 1, 2022 there will be a price change for two of our self-paced training classes, ACEIT for Model Builders and ACEIT for Advanced Model Builders. The new price will be $2,000 per person. These self-paced training classes now include instructional videos for all course modules and individual exercises as well as 4 remote instructor hours. We will honor the current price of $1,195 for any self-paced training booked prior to March 1, 2022.

We continue to offer our open registration classes in Washington, D.C. for students who prefer an in person training experience. These classes are conducted with COVID-19 safety protocols, for the safety of our instructors and students.

Upcoming open registration offerings include **ACEIT for Model Builders** starting **February 15, 2022** and **ACEIT for Reviewers** starting **March 15, 2022**.

Click the options below to see schedules and register for our upcoming training opportunities. For questions contact ACEIT_Train@Tecolote.com.
