### ***Self-Paced Training***

For over thirty years Tecolote has developed ACEIT training materials in support of the cost estimating community. For the first time, Tecolote is making these comprehensive training materials available to allow you to learn how to use ACEIT at your own pace. Our [Self-Paced training](#) provides you with remote tutoring hours with an ACEIT Certified Instructor, a hard copy of our ACEIT training manual and electronic training starting and results files.

Classes Available:

- ACEIT for Model Builders
- ACEIT for Advanced Model Builders
- ACEIT for Reviewers

To find out more about Self-Paced training, visit the [Self-Paced training page](#) on the ACEIT website or contact the [ACEIT Training Coordinator](#) (805) 964-6963 x2571.

### ***In-Person Training is Back***

ACEIT open training classes are back in Washington DC! Sign up today for our next in-person ACEIT training. Classroom setup follows all COVID-19 CDC guidelines; socially distant desks, hand sanitizer and masks provided.

Find the ACEIT training that is right for you. From the ACEIT Model Builders course where you learn the basics of ACEIT to the Advanced Model Builders course for those that want to learn how to use the advanced functions and features in ACEIT. Don't need to create an estimate but need the ability to review one, the ACEIT for Reviewers is the course for you.

To see when the next class is available that fits your needs, check the online [ACEIT Training Schedule](#).

## Tutoring & Customized Support

ACEIT Tutoring & Customized Support provides remote one-on-one training environment on ACEIT features/techniques to directly solve your specific problems. Through this offering we can provide hands-on training to first-time users in implementing an ACE cost model; help convert Excel (or other) models to ACE; provide guidance on cost model enhancement; and provide advanced training on key tools and concepts like JACS, CO\$TAT, and model automation using functions.

### Typical Areas of Focus

- Getting Started with ACE
- Getting Started with CO\$TAT
- Getting Started with JACS
- Getting Started with POST
- Reviewing an existing ACE session for best practices
- Converting an Excel model to ACE
- Guidance designing a new ACE model
- Automating a model with ACE Functions
- Applying uncertainty to a model
- Building Reports and Charts in ACE or POST
- Students Choice – ask your instructor about any ACEIT topic

Tutoring hours available in 8, 16, 20 and 40 hour blocks. Contact [ACEIT Training](#) to book your time with an ACEIT Certified Instructor.
