In Person ACEIT Classes Offered in Australia!

The ACEIT Team is coming to Australia to teach two ACEIT classes. These classes are open to anyone who would like to learn ACEIT. Don't miss this rare opportunity to learn ACEIT in a classroom setting with one of our amazing instructors!

21-24 July 2025: ACEIT for Model Builders 8.0

28-31 July 2025: ACEIT for Advanced Model Builders 8.0

These classes will be held 8:30am - 4:30pm daily at Cliftons Event Solutions in Canberra, ACT. To register for either or both classes, visit our website and look for the classes offered in Canberra: <https://www.aceit.com/training-center/training-schedule>

For more information or if you have any questions, send an email to aceit_train@tecolote.com. We look forward to seeing you in the Land Down Under!

ICEAA Presentation "Escalation and Inflation: Handle with Care"

Melissa Cyrulik and Jennifer Kirchhoffer are presenting "Escalation and Inflation: Handle with Care" at this year's ICEAA Workshop 13-15 May 2025. They will share the key concepts of working with the most recent escalation guidance handled by ACEIT 8.2 and share lessons learned that can be applied when updating any cost model to the new inflation/escalation best practices.

Be sure to also stop by the ACEIT Booth while at the ICEAA Workshop!

New Online Help Articles

Are you working to transition to ACEIT 8.2? We have a series of new online help articles to guide you through upgrading your files to the new software. Consult these articles for guidance and tips on how to efficiently transition.

Begin with the "*Transitioning your ACE session from 8.1 to 8.2.*" Transitioning a file from ACE 8.1 to 8.2 is a multi-step process that includes both automated and manual steps. In this article we walk you through opening an existing file for the first time in 8.2 and step through detailed guidance on how to quickly move forward in ACE 8.2.

If you are a POST user, consult the "*Converting a POST file from 8.1 to 8.2*" article. Once you update you ACE session to 8.2 the next step is to transition your POST session. POST has some additional changes to support the transition. This article helps understand the POST 8.2 changes and the flexibility POST has with working with old and new files.
